

प्रतियोगिता

In the transitional world of artificial intelligence, the culture of traditional learning is evaporating. Therefore, through different curricula, University is targeting the students to equip them with all the essential skills. Moreover, the quagmire of the internet challenges unstable emotions to transform into cold beings. The institute is the wind beneath the wings of students who are eager to be 'Icarus', and the teachers are the Daedalus who instructs for excellence. Thus, the e-newsletter structures all the events with the brief highlights of the numerous activities.

OUR STUDENTS' PARTICIPATION IN INTERCOLLEGIATE MOOT COURT COMPETITIONS

1st Dr. Patangrao Kadam Memorial National Moot Court Competition, 2023 was organized at Bharati Vidyapeeth Institute of Management and Research, New Delhi from 31st March to 1st April 2023. Students who participated in the competition were Vansh Dhingra along with Aditi Saxena and Shubham Chhabra.

3rd National Moot Court Competition was organized for first year law students. It was held at Marwadi University in Rajkot from 31st March to 2nd April 2023. Thirty-one Universities from all over India came and participated in the competition. Saumya Mohta, Anshuman Shrivastava and Vijay Laxmi were the participants in the competition.

Students added stars to the University by excelling as the semi-finalists in “FIMT National Moot Court Competition, 2023”. The participants were Nisha Gandhi, Suchet Paroch and Vikas Vishnoi.

A NIGHT OF CULTURAL MERRIMENT

After working fingers to the bone students enjoyed the cultural eve with fun and frolic. The evening started with lots of different activities like music, dance and other enjoyments. All the diversified students came together and celebrated their journey of extra mile. The night was glooming with the songs of celebration and amusement. It finally ended with the ubiquitous essence of hard work accompanied by delicious dinner.

NATIONAL CONFERENCE ON PHARMACOVIGILANCE: CURRENT SCENARIO IN INDIA AND USA (4th MARCH 2023)

A National Conference on Pharmacovigilance: Current Scenario in India and USA on March 4th, 2023 at the School of Pharmacy, Raffles University, Neemrana Campus. The conference was lined up by eminent speakers with their well-researched papers on the topics. The event was the amalgamation of researchers and academicians. It started with all the scholars and created a euphoric forum. The sessions were designed according to the students to have a proper and clear comprehensive zeal of the conference. Knowledge enhancement was one of the motives of this conference where all the speakers were involved and presented epistemically advanced papers. The Conference owes its success to the able guidance of the Principal of the School of Pharmacy and convenor of this conference Dr. Rajiv R Kukkar, and Head of the Department Prof. MM Prasada Rao. Co-Convenor, Ms. Pratishtha Sharma, and all the faculties of the department. The event could not have been a success without the kind support of the students.

The conference was inaugurated with the lighting of the lamp by the eminent dignitaries of the day. Further, the event was blessed by the words of wisdom of our respected Vice Chancellor, Prof. Dr. Gadangi Indira. Furthermore, the event became an auspicious occasion with the august presence and the words of affirmation and information by our Chief Guest of the day, Honourable Dr. Justice Meena V Gomber. The series of lectures opened with a session by Mr. Manoj Karwa on the topic SAE Reporting on SUGAN Portal-Process and Timelines wherein he focused on the existing portal on Pharmacovigilance and made students aware of it. The session was continued with the second speaker Dr. G.N Sharma who talked on Pharmacovigilance studies: Limitation and future in India. Further on Dr. Atul Kabra talked about Pharmacovigilance Regulation and challenges and the Comparison of India and the USA. These three eminent speakers the day bestowed the students and also the faculties of the School of Pharmacy with immense knowledge in this new field of studies. After the session, a poster presentation competition was held in the department itself wherein the students presented their posters on the same topic to the guests of the day.

A ONE DAY WORKSHOP ON “EFFECTIVE COMMUNICATION, THEATRE, AND DREAMS” (27th MARCH 2023)

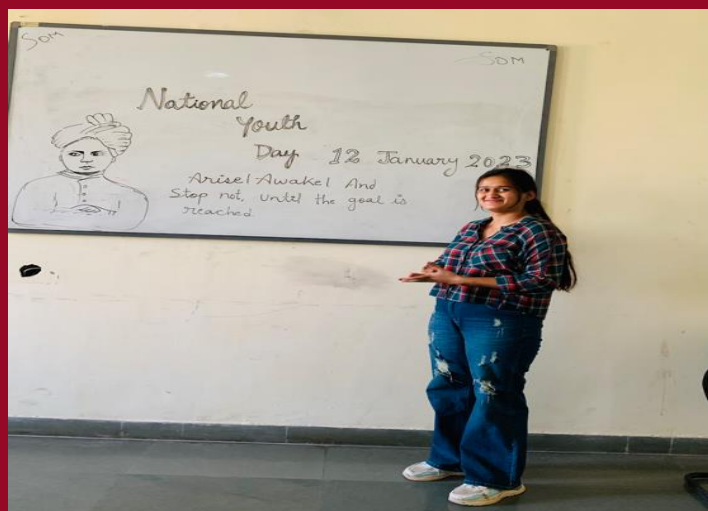

In the land of Raffles with the shadow showered by the gigantic Aravalli hills where all the schools together work for the greater success of the students. The department of Humanities and Social Sciences organized a one-day workshop on “Effective Communication, Theatre, and Dreams”. The program started with the welcoming of the Chief Guest, Hon’ble Dr. Justice Meena V. Gumber, followed by the welcoming of the Guest of Honour, President Prof. Dr. Gadangi Indira. The President’s address helped the students to grasp more about the topic as the speech included the 7C’s of communication and connected all the links of three different topics. Furthermore, the organizer requested the chairperson’s address, the speech included all the specific elements and the words acted as support for the event. The workshop session started with Dr. Apurva Chauhan, focusing on “Effective Communication” in which Proxemics was covered by serving different examples to the students. The second session started with Ms. Nikita Yadav on the topic “Theatre” which covered all the elements of ‘Rasas’ and students were engaged in different activities. The last session was about ‘Dreams’ which was taken by Dr. Akshita Chotia. This included all the career options and motivational healing for the students. The workshop came to end with a vote of thanks and the speakers were felicitated by the Head of the Department.

NATIONAL YOUTH DAY (12th JANUARY 2023)

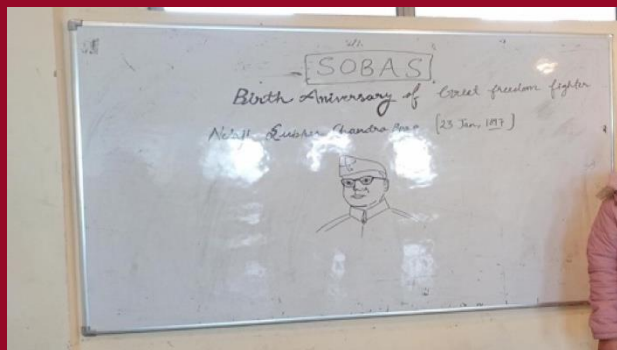

The day of budding citizens of India was celebrated with great passion and excitement where everyone came together to share their thoughts in the form of speech on the theme “Viksit Yuva-Viksit Bharat”. The students were encouraged by the incredible quotes of Swami Vivekananda and discussed his life story. Furthermore, the day was creatively spent reminiscing the memories of the great philosopher and idolizing him saying, “Take up an idea, devote yourself, struggle in patience and the sun will rise”.

LOHRI FESTIVAL (13th JANUARY 2023)

The festival of sweets, groundnuts, and bonfires was celebrated in the chilly winters as “Lohri” on 13th January, with all the staff members together. The celebration was done with some music and bhangra dance by the faculty members united by encircling the fire and enjoying the rhythm of the festival.

NETA JI SUBHAS CHANDRA BOSE JAYANTI (23rd JANUARY 2023)

Neta Ji Subhas Chandra Bose Jayanti was celebrated on 23rd January with great joy and tremendous effort seen among the students as the student Diksha from the School of Basic and Applied Sciences VI semester presented an enigmatic speech and everyone came up with their ideas and presented on the small platform emphasizing his phrase given to India, "YOU GIVE ME BLOOD, I WILL GIVE YOU FREEDOM".

REPUBLIC DAY AND BASANT PANCHAMI (26th JANUARY 2023)

26th Jan 2023, Republic Day was celebrated with great enthusiasm. The flag was hoisted by Vice Chancellor Prof. (Dr.) Gadangi Indira and she followed it with her enigmatic speech. Through the speech, she enlightened everyone about India's guest, i.e. Egyptian President Abdel-Fattah el-Sisi. There were some singing and dance performances that held the audience in an awestruck state. On the same day, the golden day of Goddess Saraswati was celebrated as Basant Panchami with some special Vandana, prayers, and dance performances.

A TRAINING PROGRAMME ON PLANT CLINICS (31st JAN - 13th FEB 2023)

A value-added training program on the cultivation of mushrooms, spawn production, and vermicomposting was organized by SOAS, Raffles University, and Krishivan Research Centre for Agripreneurship development and Environment Protection Samiti (KRCADEPS), Jhajra, Dehradun from 31st Jan to 13th Feb 2023. On the first day of the training program Resource Person, Mr. Yashraj Sahu delivered his presentation on scientific methods of mushroom cultivation and spawn production. On the second day Mr. Pramod Kumar Chourasia, AIA (Expert), Cultivation of Mushroom & Value Addition, Marketing strategies, presented his talk on diseases, poisonous mushrooms, marketing, financial assistance. On the 3rd day, Mr. Jitendra Singh and Mr. Ashish Kumar Bhambu with the help of their presentation demonstrated to students about different insects of crops. Practical demonstrations with students were conducted to give the students better insights into the

V. K. G. Memorial Sports Meet, 2023 (12th - 14th FEB 2023)

The Sports meet of this year started with great zeal of enthusiasm as Raffles University conducted Cricket Competition, Kabbadi, Volleyball and Athletics. It was inaugurated by the President Prof. Dr. Gadangi Indira by ribbon cutting. Majority of the students participated in Cricket as being one of the favourite sports of all times. It was a three day event which also included the holy rituals of '*Havan*' for the blessings and praying for the peaceful soul. It was graced by chairperson Dr. Justice Meena V. Gomber, followed by the president Prof. Dr. Gadangi Indira and all the respected dignitaries. Furthermore, the memories of respected Vinod Kumar Gomber was creatively reminiscenced by discussing his inspirational life story which also acted as a lesson of modesty as he worked for the betterment of the nearby villages and children. On the last day of the V.K.G. Memorial Sports Meet- 2023 everyone gathered in the sports ground as Chaiperson Dr. Justice Meena V. Gomber was invited for giving prizes and to encourage students for their achievements.

HAVAN POOJA AND BLOOD DONATION CAMP WAS ORGANIZED AND 168 UNIT OF BLOOD WAS COLLECTED ON DAY-2

HON'BLE CHANCELLOR'S BIRTHDAY AND PRIZE DISTRIBUTION ON DAY 3 (13th FEBRUARY 2023)

SUNDERKAND PAATH (25th FEBRUARY 2023)

'Sundar Kand Paath' was organized on 25th of February 2023 in the university. The puja started with manglacharan and Ganesh puja, after that paath was recited. On this occasion the Chairperson, the President, faculty members, staff and students were present. Everyone was mesmerized in the Sunderkand recitation. This holy prayer was for seeking blessings and for the optimistic energy which would help the students and teachers to grow spiritually.

NATIONAL SCIENCE DAY (28th FEB 2023)

The National Science Day is celebrated to commemorate the discovery of the 'Raman Effect' by one of the renowned Physicists of India- Sir CV Raman. This year, the theme was 'Global Science for Global Wellbeing'. The School of Basic and Applied Sciences had organized a range of activities like quiz competition, essay writing competition and poster presentations. Students from various under graduate and postgraduate courses had participated enthusiastically in these events. As the final event of these celebrations, the department invited Mr. Dhadiwal(Plant Head, TS tech, Neemrana, Rajasthan) as the guest of honour where he delivered a talk on the topic entitled: "Modern Science for Science for Collective Welfare". Dr. Rajpal (HOS, SOBAS) delivered the opening remarks. He formally welcomed all the participants gathered for the celebration. Other Department heads were also present and addressed the gathering with their stimulating thoughts on Science & Technology .Vice-chancellor Prof. Gadangi Indira spoke on the importance of National Science Day and the life and works of noble laureate Sir C V Raman and pontificated on how Science and Technology should walk hand in hand to solve the current societal and global problems. After the talk, an interactive session was held where the guest had patiently attended and answered each and every question. At the end of it, the results of various competitions like Quiz, Essay writing, and poster presentation were announced by Dr. Prabhjot Kaur. The higher authority congratulated all the prize-winners. Finally, Dr. Sonal Saluja delivered the vote of thanks.

**NUKKAD NATAK (12th MARCH 2023)**

The enchanting street play was organized by the Alabbar School of Management on the topic “STRESS MESS”. As nowadays everything is transforming into depression, anxiety, and stress due to unwanted grown nerves which is a bane among today’s youth. It was a small effort to showcase the ramifications of study and work pressure that often change into stress. Therefore, the students came up with an idea to aware the people surrounding the University reject the idea of a toxic workplace. The play ended with a message saying “Stress can be positively implemented by energizing it in a better way”.

ALABBAR SCHOOL OF

PYTHON WITH TKINTER WORKSHOP (17th MARCH 2023)

Python is a general-purpose, high-level programming language. It is a popular language for web and software development because it allows for the creation of complex multi-protocol applications with a concise, legible syntax. Also, Python is used to develop a number of popular applications. In light of the significance of the language, the SOET organized a one-day workshop to enhance fundamental language skills. Ms. Shruti Gupta gave the expert lecture in the workshop.

**WORLD WATER DAY AND WORLD METEOROLOGICAL DAY CELEBRATION CUM KISAAN GOSTHI (23rd MARCH 2023)**

The School of Agricultural Sciences, Raffles University celebrated the World Water Day and World Meteorological Day Celebration cum Farmer Gosthi on 23 March 2023.

The programme started with the arrival of Chief Guest Prof. Dr. Gadangi Indira, Vice Chancellor, Raffles University. The celebration was hosted by Dr. N. Moses and the welcome address was delivered by Dr. Morajdhwaj. The speech of Dr. Awaneesh Kumar highlighted the objective, importance and future aspect of World Meteorological Days and Dr. Pushpam Patel focused on objective, importance and future aspect of World Water Day. Around fifteen farmers were invited from surrounding villages for Kisaan gosthi and farmer-expert interactive session. It was conducted by Dr. Morajdhwaj Singh, Dr. Awaneesh Kumar and Mr. Mukesh Choudhary. The celebration was marked by a competition on poster making in which many students participated in the events and showcased their knowledge and skill on the importance of World Water Day and World Meteorological Day. The name of the winners were prepared based on the scorecard received from the judges. At the end of the programme Dr. Jyoti Vishwakarma proposed a formal vote of thanks.

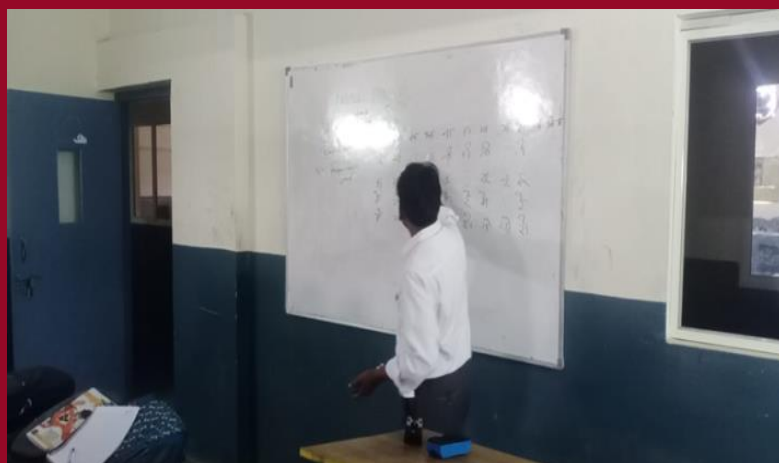

A THREE-DAY WORKSHOP ON “HOW TO WRITE A RESEARCH PROJECT/SUMMER INTERNSHIP REPORT (28th- 30th MARCH 2023)

PROGRAMME FOR LEARNING JAPANESE AS A FOREIGN LANGUAGE (4th APRIL 2023)

The university is situated in Japanese industrial area. Therefore, being able to speak Japanese is considered a notable toll for the engineering students. As a result of the recognition of the significance of the language, the School of Engineering and Technology arranged a one-day seminar on April 4, 2023. A language specialist travelled all the way from Gurugram for the seminar. The lecture series covers a variety of approaches that makes it possible to acquire Japanese in a straightforward manner.

MANAGEMENT FEST 'PRABANDHOTSAV' (4th & 5th APRIL 2023)

The Alabbar School of Management organized **Prabandhotsav** from **4th of April 2023 to 5th of April 2023** to provide a platform for students to showcase their management skills and knowledge. The coordinator of this delightful event was Dr. Pravin Chandra Singh and the co-coordinators were Ms. Tanu Gandhi, Ms. Ritu Rawal, Ms. Jyoti Yadav, and Mr. Vibhav Pratap. It was an opportunity for the students to engage in various activities, competitions, workshops, and seminars related to management and business. Management fests usually involve a series of competitive events that test participants' abilities in areas such as marketing, finance, human resources, operations, strategy, and entrepreneurship. These events may include case study competitions, Business Plan competitions, Quizzes, Logos, and role-plays. The purpose of a management fest is to foster a spirit of healthy competition, enhance students' practical understanding of management concepts, and provide a networking platform for students to interact. It offers a chance for students to apply their theoretical knowledge to real-world scenarios, develop teamwork and leadership skills, and gain exposure to current trends and practices in the business world. Overall, management fests play a significant role in the holistic development of students pursuing management education by providing them with a platform to showcase their talent, learn from industry experts, and build valuable connections within the business community.

**WINNERS OF MANAGEMENT FEST**

MOCK GROUP DISCUSSION (GD) AND PERSONAL INTERVIEW SESSIONS

In today's competitive world, group discussions (GD) and personal interviews (PI) have become an integral parts of the selection process for various academic institutions, job opportunities, and even for scholarship programs. GD and PI provide individuals with a platform to showcase their knowledge, skills, and personality traits. Personal interviews are one-on-one interactions between the interviewer and the candidate. PIs provide a platform to assess an individual's qualifications, suitability, and overall personality. Thus, in order to groom our students Alabbar School of Management (ASOM) organized mock GD and PI with the industry experts.

**PLACEMENT/INTERNSHIP**

The event of placement/internship drive was conducted by ASOM to facilitate the employment of the students. The primary objective of a placement drive is to connect students with potential employers and provide them with opportunities to secure job offers or internships.

STUDENTS' PRESENTATION

Presentations Conducted in Alabbar School of Management on Various Corporate Events and Topics. ``Corporate Governance Scandals in India`` presented by our students Mr. Neeraj Sharma and Mr. Maheep, BBA-VI Sem. Dr. Manoj Kumar Meet, a renowned expert in the field, was the Convener of the Event.

MODEL EXHIBITION (3rd MAY 2023)

The culture of modelling and creating the pictographic structure ignites the imagination of the students. With this approach in mind, we conducted a small exhibition of Geography in the Department of Humanities and Social Science during the curriculum session. All the students came up with numerous ideas and presented them in the form of models. One group which consisted of Monika and Isha focused on “Generating electricity through Dam”. It was a working model which showcased the flow of water and how it can be controlled and used for different meaningful purposes. The other group members namely Sakshi and Devrishi demonstrated the model with binary ramifications. As they presented two sides of the environment one with human degradation and the other maintaining nature by using all the resources wisely. The teachers and students assembled and enjoyed the exhibition as it was enlightening and creative.

**WORKSHOP ON “EQUITY VALUATION MARKET” MAKEINTERN.COM IN COLLABORATION WITH E-CELL, IIM CALCUTTA (3rd & 4th MAY 2023)**

PROJECT ON “DC COMPRESSED AIR ENGINE” (20th MAY 2023)

Students in their last year of the Bachelor of Technology programme displayed a model of a DC compressed air engine in the department under the guidance of Dr. Jaspreet Hira, inspiring other students to develop new projects using their innovative technical abilities.

**INDUSTRIAL VISIT (DURING THE SESSION)**

Continuous visits, throughout the course of the semester, by engineering faculty members to various types of companies. The purpose of the industrial tour is to gain an understanding of modern engineering techniques that are used in various industries, as well as to collect a great deal of additional relevant information that can be utilized to improve the education level offered by the School of Engineering and Technology of the University.

**WEBINAR ON GLOBAL TECHNOLOGY & WOMEN EMPOWERMENT (12th MAY 2023)**

The Webinar on Global Technology & Women Empowerment organised by the Department of Sociology, School of Humanities and Social Sciences on 12th May 2023 endeavours to explore the contemporary analytical findings related to Gender Technology and Women Empowerment. Prof. Madhav Govind, School of Social Science (SSS), Jawaharlal Nehru University gave a talk on Gender, Technology: Women Empowerment as the Key Speaker. Associate Prof. Durga Rao Pedada, School of Social Anthropology, University of Delhi spoke on Globalization and Development: An Anthropological Perspective as a Guest Speaker. Convenor of the Webinar was Dr. Debahuti Panigrahi.

OPEN LECTURE AT NEEMRANA FORT PALACE (23rd MAY 2023)

One day session was conducted on the topic “Sharp Communication and Genial Etiquettes” on the 23rd of May at the Neemrana Fort Palace. As nowadays the culture of communication is exponentially touching in every field. Therefore, it was a small effort by the SOHSS to step into the highly generous industry, which welcomes everyone with a great sense of hospitality. It was an amazing experience with the staff members who were cooperative and inquisitive to learn the skill. This was the initiative taken by Dr. Deepika Mishra and Dr. Aparna to broaden the objective of the teaching and learning arena.

**WORKSHOP AT RPS SCHOOL, REWARI (3rd JUNE 2023)**

Now a days, we often focus on training ourselves technically which is known as “hard skills”. However, in the newborn world of AI, we are only left with the developing culture of soft skills and the most prominent example is “communication”. With this innovative idea, the School of Humanities and Social Sciences focused to save the art of speaking by inculcating it in the upcoming generation. Thus, we conducted a one day workshop in RPS School, Rewari on 3rd of June and were glad to have an interactive session with an amazing crowd of teachers. The session’s focal points were organizational skills, personal skills, management skills, and how these skills help in balancing life. The school rewarded Dr. Aparna with a memento and a certificate to encourage more workshops.

WORLD ENVIRONMENT DAY (5th JUNE 2023)

The School of Agricultural Sciences, Raffles University celebrated 'World Environment Day' on 5th June, 2023 with the real pioneers of our society, our farmers. Theme of this year was "Solutions for Plastic Pollution." On this occasion, team of SOAS conducted a 'Kisan Goshti' in the village Dhundhariya with the aim to create awareness towards conservation of environment and nature by bringing several small but impactful changes in our daily routine. This programme was organised under the leadership of Prof. Dr. J. S. Yadav, Dean, School of Agricultural Sciences. The program was inaugurated by the Chief Guest Mr. Ashok Yadav, Sarpanch of the village Dhundhariya. He focused on the fact that farmers are closest to environment and they can play a vital role in either conservation or destruction of the mother nature. Prof. Dr. J. S. Yadav emphasised on the ways and means to reduce plastic pollution and bring sustainable solutions to the use of plastics. He stressed on his concern about growing pollution, which is endangering biodiversity, and the emerging threat of microplastics, which are accessing precious soil resources through numerous paths and impacting soil biological health and ecosystem services. Dr. Rajpal, School of Basic and Applied Sciences, encouraged the farmers for sustainable agriculture and highlighted chemical-free farming as a crucial alternative for preserving resources for subsequent generations.

INTERNATIONAL YOGA DAY (21ST JUNE 2023)

The ninth International Day of Yoga was celebrated on the University campus on the 21st of June. The teaching and the non-teaching staff of the University gathered on the lush green grounds of the campus to celebrate this day adhering to the 2023 theme “Yoga for Vasudhaiva Kutumbakam”. Ms. Arti Tiwari, a yoga expert based in Neemrana was called for the special celebrations who threw light on the importance of yoga in daily lives and performed some asanas abiding by the 2023 tagline “Har Aangan Yog”. The staff of the university participated enthusiastically with her.

**SCHOOL's VISIT**

Students of different schools visited the campus of Raffles University, to enjoy the facilities and were introduced to a new outlook and purpose of integrated education. They were guided for their coming future and for the upliftment of their personality. All the schools were widely described and through different activities, the University represents the Powerpoint Presentation which explains the motto of Raffles i.e. liberal education.

- Jyoti Vishwakarma, Participated and Oral Presentation in International Conference on Climate Resilient Agriculture for Sustainable Agricultural Productivity (ICSRP-2023) held on 31st March,2023
- Pooja Sharma, Presented Paper in National Conference on Emerging Technologies in Computer Science and Engineering (NCETCSE-23) in the topic “Using AI for stock market Prediction”.
- Pooja Sharma, Presented Paper in National Conference on Emerging Technologies in Computer Science and Engineering (NCETCSE-23) in the topic “A different approach of software Testing Techniques”.
- Neeharika Sengar, Presented Paper in National Conference on Emerging Technologies in Computer Science and Engineering (NCETCSE-23) in the topic “A different approach of software Testing Techniques”.
- Neeharika Sengar, Presented Paper in National Conference on Emerging Technologies in Computer Science and Engineering (NCETCSE-23) in the topic “Efficiency of AI for stock market Prediction”.

- Shruti Gupta, presented paper in International Conference in the topic “The Role of Artificial Intelligence in Detecting and Preventing Cybercrime: A Review and analysis of present and Future Trends”.
- Shurti Gupta, presented paper in National Conference on Emerging Technologies in Computer Science and Engineering (NCETCSE-23) in the topic “A different approach of software Testing Techniques”.
- Shruti Gupta, presented paper in National Conference on Emerging Technologies in Computer Science and Engineering (NCETCSE-23) in the topic “Efficiency of AI for stock market Prediction”.
- Shruti Gupta, Workshop Organised in the topic “Python with Tkinter Module” in Raffles University.
- Dr. Ankush Suthar, Shah, N. H., Jayswal, E. N., & Suthar, A. H. (2023). Fractional-order model on vaccination and severity of COVID-19. *International Journal of Dynamics and Control*, 11(3), 1363-1374.
- Dr. Ankush Suthar, Shah, N. H., Jayswal, E. N., Suthar, A. H., Impact of Vaccination on COVID-19 to Control its Spread: A Case Study of India, article accepted in book & Mathematical Analysis for Transmission of COVID-19, Springer Nature.
- Expert Lecture by Dr. Ankush Suthar, Delivered an expert talk on entitled “Effect of Hospitalization for Infectious Transmission of 2019-nCoV” at the Department of Mathematics, Gujarat University on March 4, 2023.
- Dr. Aparna, Paper presented, “Uncovering the Realities of English Language Teaching in Rural Schools of Rewari District of Haryana, India” at the International Conference on English Learning and Teaching Skills (ICELTS, 2023) organized by the Department of Basic Science and Humanities, Institutes and Management, Kolkata on February 9th-11th, 2023
- Dr. Aparna, Paper presented, “Restructuring Slavery through Vinta and Kadru in the select story of Mahabharat” at Indian Council of Social Science Research (ICSSR) sponsored by Azadi ka Amrit Mahotsav International Conference on Mahabharata Epic Across Asia Ancient Indian Knowledge System Transcending Spatio-Temporal Boundaries organized by The Language and Foreign Languages University, Hyderabad on 29, 30 and 31 May, 2023.
- Dr. Aparna, delivered a lecture on “Presentation Skills” delivered through Webinar organized by Parul University
- Dr. Debahuti Panigrahi, Webinar on **Global Technology & Women Empowerment organised on 12th May 2023** as **Convenor** on behalf of the School of Humanities and Social Science, Raffles University, Neemrana, Rajasthan
- Dr. Debahuti Panigrahi, Research Paper, “Of Cyber Stalking Victimization Behaviour: Exploring The Criminal Contents, Lacunae of the Degree of Social Integration and Inadequacies of Indian Cyber-Law” published on 30th March, 2023 in *Innovations Journal*, SCOPUS Indexed.
- Dr. Debahuti Panigrahi, Research Paper, “The Ukrainian Crisis of Forced Displacement: An Ethnomethodological Analysis of Ethno-National Conflicting Conditions and Global Justice” published on 1st June, 2023 in *KEPES Journal*, SCOPUS & WOS Indexed.
- Dr. Debahuti Panigrahi, paper presented, “The Problem of Ethnic Separatism: An Overview of The Challenged Hindu Minority Rights In India” presented in National Conference on Human Rights in Contemporary India: Issues & Challenges in ST. Thomas College of Law, Greater Noida (17th April 2023)
- Dr. Deepak Dixit, attended, FDP on research methodology held in Rama University from 06-16 June 2023

- Dr. Deepak Dixit, international conference on management practices for sustainable future held in Sangam University from 07-08 April 2023
- Dr. Deepak Dixit, participated in NAAC sponsored two-day national workshop on challenges before HEIS in remote area for achieving quality improvement through assessment and accreditation process held in Sangam University from 24-25 Nov 2023
- Dr. Deepak Dixit, weekend online workshop on quantitative data analysis using SPSS held in Leksha Research Centre from SPSS forum
- Dr. Amit Kumar, Published a paper on "Autoencoder and Generative Adversarial Network (GAN) based deep features learning for image generation" in "Advanced Engineering Science" Vol 54 issue 02, December, 2022.
- Dr. Amit Kumar, Paper on "Probabilistic and Non-probabilistic approach to generate high resolution images using Generative Adversarial Network" in International Conference "Methods and Applications of Artificial Intelligence and machine learning in Heterogeneous Brains" on Sep 4-6, 2021.
- Dr. Amit Kumar, Patent Published on SMART STREET LAMP SYSTEM CONTROL USING 5G INTERNET OF THINGS
- COMMUNICATIONS
