CHAIRPERSON'S MESSAGE

(Sponsoring Body)

The **Sponsoring Body** of Raffles University is **Gomber Education Foundation**, a Voluntary, Non-Profit Making, Non-Sectarian and Charitable Trust, registered under the Indian Trusts Act 1882, founded by its Founder Chairman **Late Shri Vinod Kumar Gomber**, with Internationally Renowned Trustees.

As Chairperson of GEF, I am trying my best to fulfill my Late husband's **Dream of Excellence in affordable education, embedded in humanistic traditions & ethical values**.

The **Academic Institutions** are the Pillars for the development of Society and Nation. Here, at Raffles University, the aim is not only to educate the students but also shape up their career by focussing on their overall development. We try to educate beyond the walls of class rooms, emphasizing on acquiring knowledge, rather than receiving a Degree. Academic knowledge plays a vital role in making up of one's personality and to achieve progress in life. It is a common knowledge that sound personality is a combination of several facets and each of these needs to be developed in order to transform one into completely embellished person.

It is our vision that when the students pass out from Raffles University, they should not be the **one** in the crowd, but they should **stand out** in the crowd, they pass through. I can proudly say, that once our students step in, they step out with the self-confidence and knowledge to face all endeavors with complete **theoretical and practical** knowledge, which is essential for development of Society and Nation.

May the University make its mark in the Academic World, both Nationally as well as Globally.

PRESIDENT'S MESSAGE

Our President

The Universities are working very hard to make the higher education meaningful and relevant. Experiments are being done by a number of Universities, to make their end product (graduates) 'fit for job' using their own strategies. Emphasis is on to bring out competent persons who can meet the requirements of the employers. In short, higher education is driven by Job market.

I do believe that the aim of Universities is to inculcate confidence, commitment and concern as basic values in addition to providing knowledge. Raffles University is being established on high ideals with a vision to shape the youth as per the desire of Swami Vivekananda. Curriculum and pedagogy are designed to blossom the inbuilt capacity of each student. However, to fulfill the contemporary mindset of the majority of students and parents, University facilitates good placements also.

We offer undergraduate, masters and Research programs in different streams. The best feature of my University is that the faculty members are available to the students on 24 X7 basis. The ambience, state of the art infrastructure, pollution free green campus, meticulous planning and delivery of academics, with all, individual care and student centric approach make us to claim that 'we are different'. All other legitimate expectations of the students and parents in terms of sports, cultural events, co-curricular activities, industry interface and exposure to contemporary developments are taken care of. We ensure total compliance with all statutory requirements of regulatory bodies.

Scientia est potentia which means 'Knowledge is Power' is our dhyeya vakya. We equip, expose, empower and enlighten you to face any challenge of the life with confidence, but not compromising with ethical values.
I do extend an open armed welcome to the University. I believe that you will make this Institution great.

Prof. (Dr.) Divakar Goli
President
